WORK EXPERIENCE

Associate Software Development Engineer Emtec Technologies Pvt. Ltd.

10/2021 - 10/2022

Pune, India

Tasks

- Developed and maintained a SPA for a US-based Fintech client using ReactJS, React hooks, Context API, TypeScript, GraphQL, Apollo Client, and Material-UI library to develop highly responsive web pages.
- Developed and maintained micro frontends using React, Redux, and Webpack.
- Revamped the existing UI as per new Design requirements.
- Improved test coverage of the code up to 98-99% using Jest and Enzyme.
- Participated in code reviews and provided constructive feedback to other developers to ensure code quality.
- Built reusable components and libraries for different parts of the platform using Storybook.js
- Worked on the company's internal project based on React. Revamped the existing UI and features as per new Design requirements
