WORK EXPERIENCE

Associate Software Development Engineer
Emtec Technologies Pvt. Ltd.

10/2021 - 10/2022   *Pune, India*

Tasks

- Developed and maintained a highly responsive SPA for a US-based Fintech client using ReactJS, React hooks, Context API, TypeScript, GraphQL, Apollo Client, and Material-UI library.
- Implemented micro frontends using React, Redux, and Webpack to improve the overall performance and scalability of the platform.
- Revamped the existing UI to meet new design requirements, resulting in a more modern and user-friendly interface.
- Achieved high test coverage of the codebase, up to 98-99%, by utilizing Jest and Enzyme to ensure code quality and reliability.
- Participated in code reviews and provided constructive feedback to other developers to ensure code quality.
- Developed reusable components and libraries for different parts of the platform using Storybook.js, reducing development time and increasing productivity.
- Worked on the company's internal project based on React. Revamped the existing UI and implemented new features as per new Design requirements.
